**Installation Notes: Install several TrimTops in an inconspicuous area to test the finished appearance. If necessary, TrimTop may require pre-drilling with a 3/32 or 1/8" drill bit. Follow the decking manufacturer's installation instructions.**

<b>Color Match Note:</b> TrimTop is available in various colors. Refer to deck board manufacturer's technical data to determine whether their product will fade and to what color. The information above is for reference use only.	<b>Fastener Length and Packaging Note:</b> FastenMaster TrimTop Screws are available in 1 5/8", 2", 2 1/2", and 3" lengths. Available in 75 and 350 pc. boxes, and 1,050 pc. buckets.	<b>Guaranteed Corrosion Resistance:</b> FastenMaster TrimTop screws are made from 305 stainless steel and are guaranteed not to rust or steak for the life of the project. A guarantee can be found on www.FastenMaster.com
