

Close up of pre-aligned grain plug

Cortex[®] HIDDEN FASTENING SYSTEM FOR PVC TRIM

FEATURES

- Collated Cortex Plugs, the fastest, easiest way to install Cortex Plugs
- Strip-out resistant #20 TORX[®] ttap[®] drive system
- Dual Lead Fastener Thread installs 50% faster than traditional trim fasteners

LENGTHS: 2", 2 3/4"

PACKAGING QUANTITIES (Loose Plugs)

- 50 lin ft (75 screws, 100 plugs, 1 setting tool)
- 250 lin ft (375 screws, 400 plugs, 3 setting tools)
- 750 lin ft (1125 screws, 1200 plugs, 6 setting tools)

DESCRIPTION

The FastenMaster Cortex Hidden Fastening System is the fastest, easiest way to hide fastener heads when installing PVC Trim. The finished look of Cortex is virtually invisible.

PACKAGING QUANTITIES (Collated Plugs)

- 250 lin ft (375 screws, 400 plugs, 3 setting tools)
- 750 lin ft (1125 screws, 1200 plugs, 6 setting tools)

INSTALLATION PROCEDURE

Using a standard 18V cordless impact drill and setting tool, drive the fastener to the preset level below the trim surface. The fastener must be driven perpendicular to the surface.

Installing Collated Cortex Plugs: Tear off one strip of collated Cortex plugs from quad strip and position the leading plug into hole. Gently tap with a clean hammer plug into place. Pull collated strip away from installed plug and tap plug once more to flush. Be careful to ensure that head of hammer is flat with trim surface to eliminate potential marring caused by the hammer and the hole is free of debris. If desired, Cortex for PVC Trim can be painted. See PVC Trim manufacturer technical information for specific painting instructions. The Cortex Hidden Fastening System is designed for use with PVC Trim with actual thicknesses of 5/8" to 5/4".

**Selecting SKU/Board Color

When ordering, please combine SKU column with board manufacturer color key.

Example: Cortex 250 LF fastener length 2" for Versatex Smooth = FMCTXT234-VT250SM

New board colors are always being added to the Cortex product line. If the board color you are looking for is not listed, consult our website for recent updates or call FastenMaster customer service.
