

Cortex for Trex Deck & Fascia

Hidden Fastening Systems

The Cortex Hidden Fastening system is the best way to hide fasteners on the field of the deck, stairs, perimeter boards, fascia and more.

Cortex Features:

- Deck plugs install 50% faster on collated strips
- Fascia system is designed to support expansion and contraction of fascia boards over time
- Both decking and fascia plugs are made from the same Trex board materials for a perfect color match

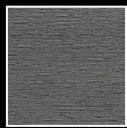

Cortex Options for Trex:

- Decking kits with both screws and plugs included
- Plug-only packs for all Trex decking
- Decking screw-only packs for both stainless steel and drillers for metal framing
- Fascia Kits with both screws and plugs included
- AutoFeed Screws compatible with the PAMFast System for standing installation
