Over 25 Years of PRO Driven Innovation

FastenMaster ZipClip™ Hidden Deck Fastener

**NEW
PRODUCT**

The **Next Generation** of Hidden Deck Fastening

Fastest Installation
Build decks faster and easier

Precision Accuracy
Higher quality finished deck

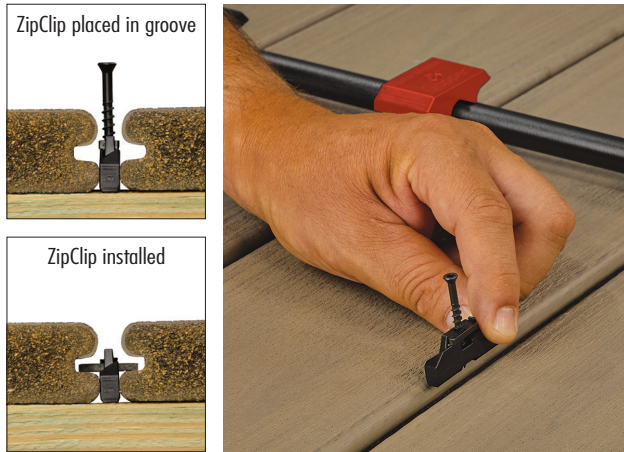

Versatile Clip Design
Easy placement and fine tuning

FastenMaster ZipClip™

Hidden Deck Fastener

Features:

- **Fastest Installation:** Clips slide easily into position after the boards are laid out, letting installers set spacing first and fasten second; eliminating the slow process of aligning clips.
- **Versatile Clip Design:** One universal clip handles a variety of substructure conditions, including flat blocking, double joists, and hard-to-reach areas eliminating multiple types of clips.
- **Effortless Adjustment:** Designed to make real world installs easier, the clip backs out smoothly for quick board adjustment or replacement; perfect for correcting misalignment without damaging the deck surface.

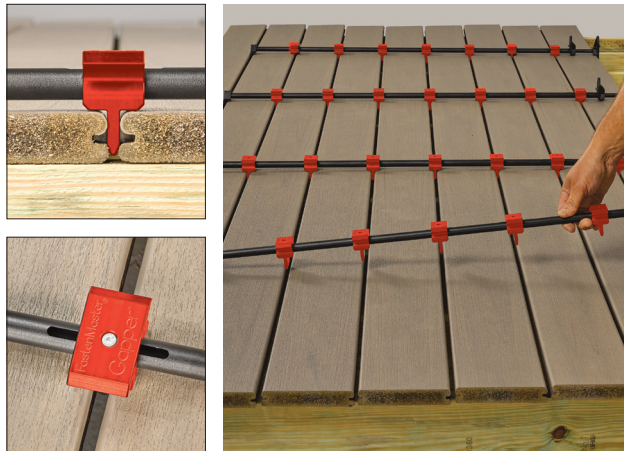

Packaging Quantities:

180pc bucket, 540pc bucket, 900pc bucket

FastenMaster Gapper™

Deck Board Spacer

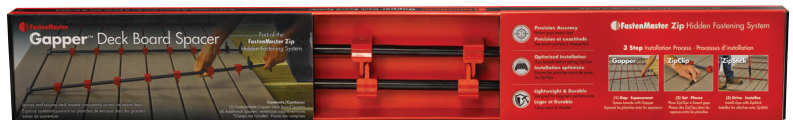

Features:

- **Precision Accuracy:** Integrated spacing features ensure every board locks in with consistent, uniform gaps.
- **Fail-Safe Tension:** Engineered tension keeps clips firmly seated and prevents over-pulling, protecting boards from damage.
- **Lightweight & Durable:** Constructed from high-strength, corrosion-resistant materials that stay light in the hand but tough on the job.

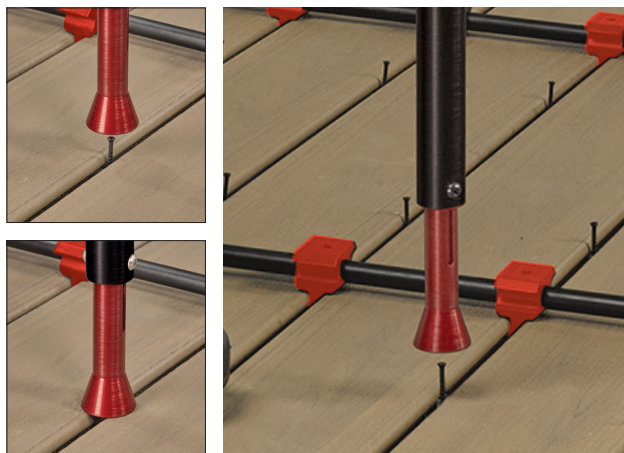

Packaging Quantities:

2 Gapper tools, 4 additional spacers

FastenMaster ZipStick™

Stand-Up Installation Tool

Features:

- **Stand & Drive:** Ergonomically designed to engage & drive clips from a standing position, reducing fatigue, improving speed, & stress.
- **Lightweight & Durable:** Built from rugged, high-strength materials, delivering dependable performance and longevity through repeated use.
- **Universal Compatibility:** A universal connection point fits virtually any variable-speed drill ensuring smooth & controlled fastening.

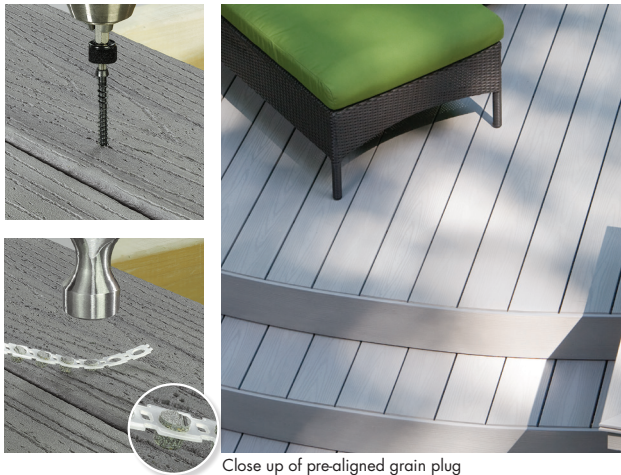

Packaging Quantities:

1 FastenMaster ZipStick, 1 T15 Driver Bit

Cortex® Deck

Hidden Fastening System for Decking

Close up of pre-aligned grain plug

Features:

- Collated on strips with pre-aligned grain for faster and more precise installation
- Plugs made from specific deck boards for a perfect match
- Approved for treated wood framing
- Strip-out resistant #20 TORX® ttap® drive system

Packaging Quantities (Collated):

- 100 LF (224 screws, 240 plugs, 2 set. tools)
- 300 SF (1050 screws, 1200 plugs, 6 set. tools)

Length: 2-1/2"

Scan to view a list of all board/color offerings

Cortex® FASCIA

Hidden Fastening System for Fascia

Features:

- Engineered for fascia expansion/contraction
- Plugs made from Trex fascia board
- Strip-out resistant #20 TORX® ttap® drive system
- Perfect color match

Packaging Quantities:

- 50 LF (100 screws, 105 plugs, 1 counterbore tool and 1 setting tool)

Length: 1-3/4"

Cortex® Trim

Hidden Fastening System for PVC Trim

Close up of pre-aligned grain plug

Features:

- Installs 50% faster with collated plugs
- Strip-out resistant #20 TORX® ttap® drive system
- Dual Lead Fastener Thread installs 50% faster than traditional fasteners

Lengths: 2", 2-3/4"

Packaging Quantities: (Loose Plugs)

- 50 LF (75 screws, 100 plugs, 1 set. tool)
- 250 LF (375 screws, 400 plugs, 3 set. tools)
- 750 LF (1125 screws, 1200 plugs, 6 set. tools)

Packaging Quantities: (Collated Plugs)

- 250 LF (375 screws, 400 plugs, 3 setting tools)
- 750 LF (1125 screws, 1200 plugs, 6 setting tools)

TrapEase®

Color Matched Deck Screw

Features:

- High Performance Head Coating; with UV, fade, & scratch resistant head coating matches leading board colors
- TORX® tTap® Drive System; with stick-fit wobble-free installation
- ProjectLife™ Guarantee; warrantied for the life of the project

Lengths: 2-1/2", 3"

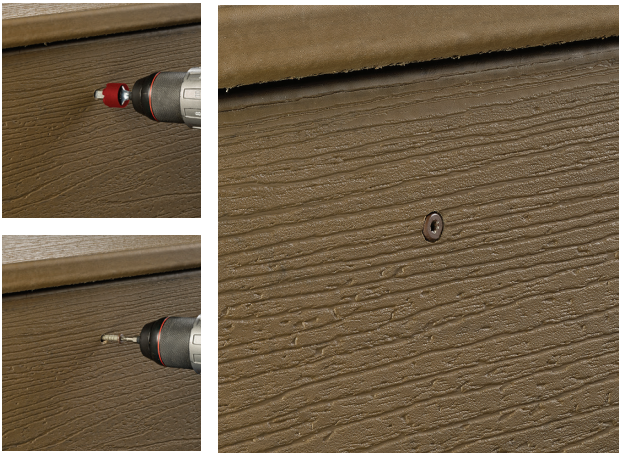

Packaging Quantities:

75pc box, 350pc bucket, 1,050pc bucket

TrapEase® FASCIA

Color Matched Fascia Screw

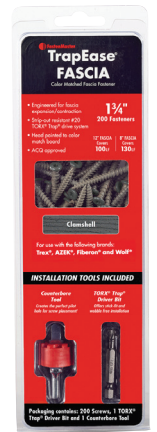

Features:

- Engineered for fascia expansion and contraction
- Head painted to color match fascia board
- Strip-out resistant #20 TORX® tTap® drive system
- Corrosion and fade resistant
- Offered in 18 different colors ensuring a perfect color match

Length: 1-3/4"

Packaging Quantities:

100 LF kit complete with 200 screws, 1 counterbore tool, and 1 driver bit

TigerClaw®

Hidden Deck Fasteners

Hidden Fastening Systems for Grooved Decking

Features:

- Automatically gaps decking
- Quick and easy installation
- Clean, fastener-free appearance
- Stainless steel for superior durability and ultimate corrosion resistance
- Strong connection between decking and joists

Packaging Quantities:

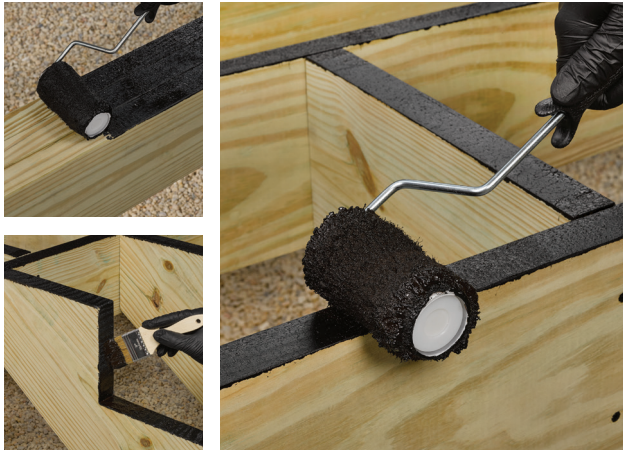

50 SF bag with hand driven screws (90 clips per bag) plus screws

500 SF bucket for use with pneumatic gun (900 clips per bucket)

Deck Frame Coating™

Rubberized Protective Waterproofing Membrane

Features:

- Extends Life Of The Deck Frame
Lasting moisture barrier protection
- Fast And Clean Application
No mess coverage with less jobsite waste
- Dries in as little as 20 minutes**
Full moisture barrier in 24 hours
- Coats Hard-To-Reach Places
Use in corners tape cannot reach

Packaging Quantity:

1 gallon bucket

Ground Contact Coating™

Rot-Resistant Waterproof Barrier

Features:

- Engineered to Protect – specifically formulated for ground contact applications
- Resists Insects and Fungus – formula repels the elements that cause ground rot
- Quick Dry Formula – goes on white so you can see coverage and dries clear to maintain wood characteristics

Packaging Quantities:

1/2 gallon bucket

NEW PRODUCT

Extend the Life of Your Wood Projects

Quick Drying Formulas

Both products apply quickly and dry fast with minimal wait to complete your projects

Simple Clean Up

Clean building materials quick and easy with standard cleaning materials

Easy To Use

Both can be applied using a standard bristle paint brush or a heavy duty, 3/8" nap roller

Engineered to Protect

Specifically formulated to work with lumber applications

GuardDog®

Exterior Wood Screw

Features:

- TORX® ttap® Drive System delivers stick fit, wobble free installation
- Sharp Type 17 Point for quick installation
- UV Resistant to fading or chalking
- Guaranteed Corrosion resistance for the life of the project
- Nibs under the head deliver a clean finished look

Lengths: 1-5/8", 2", 2-1/2", 3", 3-1/2"

Packaging Quantities:

75pc box, 350pc box, 1,750pc bucket, 1,350pc bucket (3-1/2" only)

Lateral Tension System™

Code Compliant Lateral Deck Attachment

Features:

- Meets IRC lateral load requirements for decks
- Guaranteed galvanized
- No pre-drilling required
- No interior access needed to install
- ProjectLife guaranteed

Packaging Quantities:

Each kit contains:
 (4) Lateral Tension Brackets
 (4) Transfer Screws
 (32) Bracket Mounting Screws
 (2) Driver Bits

FastenMaster MarineLOK™

Stainless Steel Structural Screw

Features:

- No Predrilling
- Faster and easier than 1/2" Lags
- 316 Marine Grade Stainless Steel
- IBC/IRC Code-Compliant ESR-1078
- SureStart™ ThreadPoint for faster starts
- SureSink™ head for clean finished look

Lengths: 3", 4", 5", 6", 8", 10"

Packaging Quantity:

30pc box

NEW PRODUCT

TimberLOK®

Structural Wood Screw

Features:

- Faster and easier than 3/8" lag screws
- Countersinking hex head style
- ProjectLife Guaranteed
- Approved in treated wood
- Code Compliant Evaluation Report ICC-ES ESR-1078

Lengths: 2-1/2", 4", 6", 8", 10"

Packaging Quantities:

Single fastener, 12pc clamshell, 50pc box, 250pc bucket, 500pc bucket (2-1/2" only)

HeadLOK®

Structural Wood Screw

NEW TORX® ttap®

Features

- TORX® ttap® Drive System delivers superior bit engagement for a stable wobble-free installation
- ProjectLife™ Coating with superior corrosion protection guaranteed for the life of the project
- Code-Compliant, tested and supported by engineering data that conforms to ICC-ES ESR-1078

Lengths: 2-7/8", 4-1/2", 6", 8", 10"
additional sizes also available

Packaging Quantities: Single fastener, 12pc clamshell, 50pc box, 250pc bucket, 500pc bucket (2-7/8" only)

LedgerLOK®

Structural Wood Screw

Features:

- Replaces traditional 1/2" lag screws
- Hex washer head style on LedgerLOK
- TORX® ttap® Drive System on Flat Head style
- ProjectLife Coating
- Approved for treated wood
- Code-Compliant Evaluation Report ICC-ES ESR-1078

Lengths: 3-5/8", 5"

Packaging Quantities:

Single fastener, 12pc clamshell, 50pc box, 250pc bucket

FastenMaster VersaLOK®

Structural Wood Screw

Features:

- Faster and easier than 1/2" Lags
- Attractive flush mount flat head
- TORX® ttap® drive system
- ProjectLife Coating
- Approved for treated lumber
- IBC/IRC Code-Compliant ESR-1078

Lengths: 6", 8", 10"

Packaging Quantities:

Single fastener, 50pc box

FlatLOK®

Structural Wood Screw

Features:

- Strip-out resistant #40 TORX® ttap® drive system
- Guaranteed corrosion resistance
- ACQ approved
- Approved for single-sided installation
- Code compliant based on testing per ICC-ES AC233

Lengths: 2-7/8", 3-1/2", 4", 4-1/2", 5", 6", 6-3/4"

Packaging Quantities:

50pc box, 250pc bucket, 500pc bucket (2-7/8" only) 200pc bucket (6-3/4" only)
Single fasteners also available in select sizes

ThruLOK®

Through-Bolt Replacement

Features:

- Faster, easier than 1/2" through-bolts
- No drill bits or wrenches required
- Galvanized coating meets code requirements for treated wood
- Code-Compliant Evaluation Report ICC-ES ESR-1078
- ProjectLife guaranteed

Lengths: 6-1/4", 7", 8", 9-1/2"

Packaging Quantities:

Single fastener, 24pc box

FrameFAST™

Structural Framing System

FrameFAST Tools:

- Maximize safety and productivity with the FrameFAST installation tool.
- Make code compliant connections without the use of a ladder.
- 3 interchangeable heads ensure consistent installation of the fastener in a variety of continuous load path applications.
- Fully assembled tools complete with cordless drivers by Milwaukee and DeWALT
- Scan the QR code for more information and to see FrameFAST tool in action.

The FrameFAST Fastener:

FrameFast replaces common hurricane ties and is installed without the need for compressors, nailers, and hoses. The updated FrameFAST fastener gives PROs the choice of using a standard impact driver or the award winning FrameFast Tool.

- 5x Faster: Code approved connections are made in a fraction of the time verses installing a hurricane clip.
- Easy to Install: Featuring a TORX® ttap® drive and free alignment guide included in every package.
- ProjectLife™ Guarantee: Performance and corrosion protection is guaranteed for the life of the project.
- Approved for use in exterior applications including pressure treated wood(ACQ). Not recommended for use in saltwater applications.

Packaging Quantities:

- 50pc box with 2" TORX® ttap® drive bit and FrameFAST Truss-to-Top Plate Alignment Guide
- 6 boxes per master
- 250pc bucket with 2" and 6" TORX® ttap® drive bits and FrameFAST Truss-to-Top Plate Alignment Guide

NLB Connector™

For Non-Load Bearing Wall to Truss Connections

Features:

- Provides lateral stability to non-load bearing walls while allowing vertical movement of structural members above
- Installs 8x faster while workers stand safely of the floor
- Code compliant, ACQ Approved

Lengths: 6"

Packaging Quantities:

50pc box with NLB Connector screws pre-assembled with sleeves, 1 NLB setting tool and 1 hex driver bit

PAMFast™

AutoFeed Screw System

The PAMFast System:

- 2-in-1 interchangeable length tool is a versatile whole home fastening system.
- Smooth Advancement Technology delivers consistent fastening with no jams.
- PAMMax fastener belt holds up to 40% more fasteners so workers spend more time driving screws and less time reloading.
- PAMFast Fasteners: Featuring PAMDrive 6-lobe recess for improved bit life and fewer cam-outs

Packaging Quantities:

50 screws per strip, 1,000 screws per box, 6 boxes per master carton

PAMFast Tools:

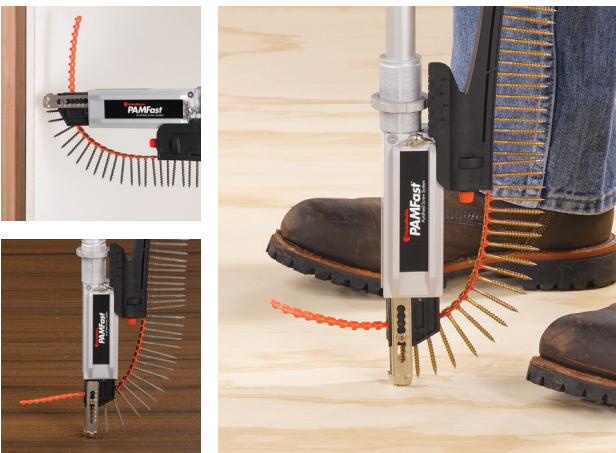

- Fasten subfloor and decking while standing comfortably or convert to a short tool to fasten drywall, roof tiles, and more
- Fully assembled tools come complete with cordless screw guns by DEWALT and Makita or chose a kit to attach to your own screw gun*

*PAMFast tool kits are compatible with specific model screw guns manufactured by DEWALT and Makita only. Visit FastenMaster.com for list of compatible screw guns.

PAMFast™

AutoFeed Screws

Features:

- PAMFast Fasteners: Featuring PAMDrive 6-lobe recess for improved bit life and fewer cam-outs
- Drives productivity on the job site: faster installation and ergonomic, ease of use benefits
- PAMMax fastener belt holds up to 40% more fasteners so workers spend more time driving screws and less time reloading

Packaging Quantities:

50 screws per strip, 1,000 screws per box

NEW Cortex Collated Deck Screws!

Can now be installed through the PAMFast™ AutoFeed Tool dramatically reducing installation time!
