

FastenMaster® Zip Hidden Fastening System

**NEW
PRODUCT**

Working hand in hand with PRO contractors, FastenMaster has developed the first hidden fastening system that delivers precision accuracy without compromising installation speed.

Three components – ZipClip, ZipStick, & Gapper – complement each other perfectly to deliver an unrivaled fastening experience and a premium finished deck.

Fastest Installation

Build decks faster and easier

Precision Accuracy

Higher quality finished deck

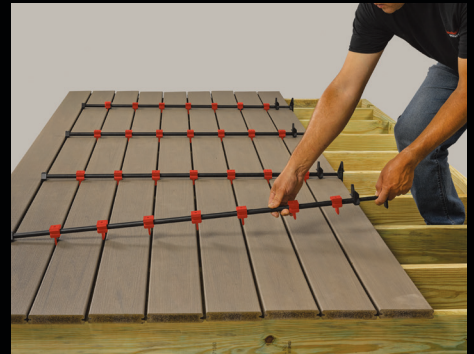

Versatile Clip Design

Easy placement and fine tuning
